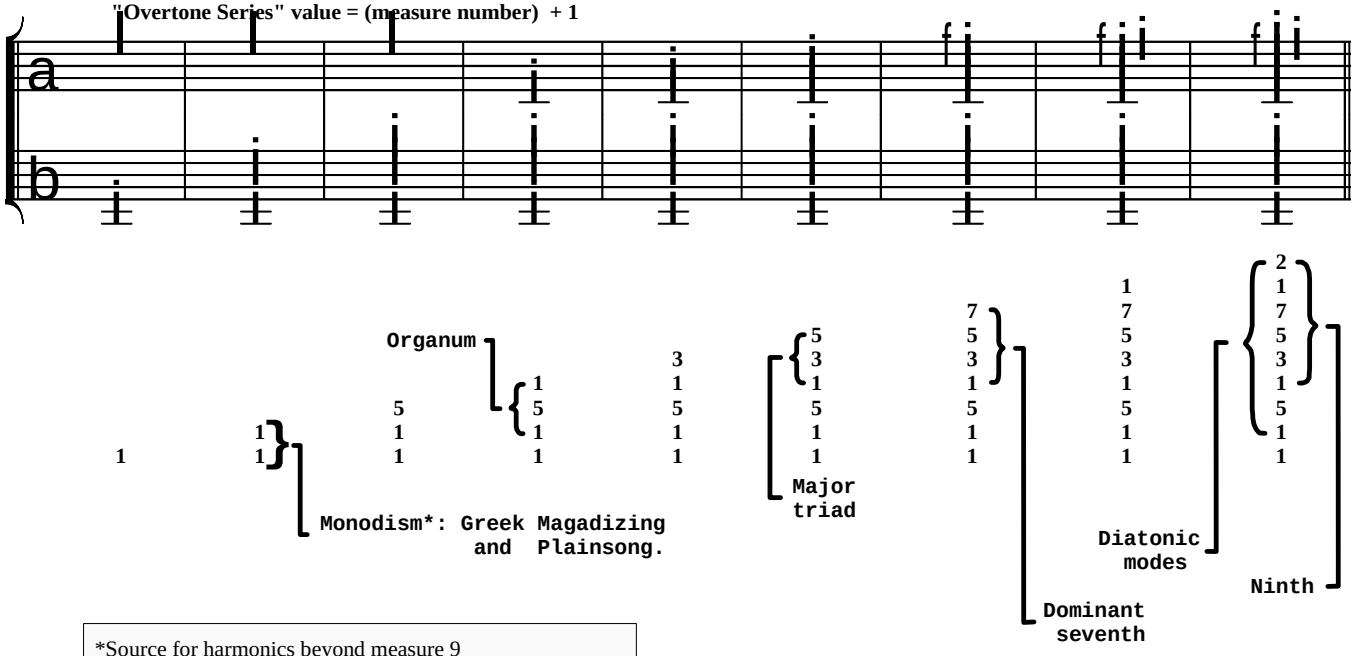
Harmonic Series on C, Extended

"The harmonic series for G is G-G-D-G-B-D-F-G-A." --Jay Giallombardo, 3/1/2002
"The harmonic series for C is C-C-G-C-E-G-Bb-C-D." --Steve Langford, 3/2/2002

With thanks to Jay Giollombardo

"Partial Series" values equal those of measure numbers
"Overtone Series" value = (measure number) + 1



*Source for harmonics beyond measure 9
and for many descriptive terms: Figure 8, p. 11, of

William Vennard, 1967. _Singing: The Mechanism and the Technique_. Carl Fischer, New York City, 275 pp., Revised and enlarged.
